

New England Rugby Football Union

NERFU Representative Player Reimbursement Program

This program is designed to reward players that achieve representative honors, defined as 'selection on an NERFU GU and or a National team which requires the player to travel outside of New England'.

The purpose of the reimbursement is to help players cover travel and or accommodation costs.

A player will be deemed eligible for a reimbursement on receipt, by the NERFU Treasurer, of an email / letter from the Coach or Manager of the representative team providing the names and contact details (email address will suffice) of NERFU players selected in the playing squad and outlining the team travel / accommodation plans (dates and locations).

The reimbursement amount is nominally \$100.00 per player per year. Representation for reimbursement of a greater amount, or more than one reimbursement per year can be made but will be subject to budgeted funds available to NERFU.
